IT IS THE summer of 1938 when young Paul Moreaux discovers he can “fade.” First bewildered, then thrilled with the power of invisibility, Paul experiments. But his “gift” soon shows him shocking secrets and drives him toward a chilling act. “Imagine what might happen if Holden Caulfield stepped into H. G. Wells’ *The Invisible Man*, and you’ll have an idea how good Fade is. . . . I was absolutely riveted.”—Stephen King
In this magical novel a count from Milan

stumbles upon a desolate community of lost noblemen on an uncharted island off the coast of Portugal. When he discovers, to his astonishment, that their ill-treated servant is in fact a maiden iguana, and then proceeds to fall in love with her, the reader is given a fantastic tale of tragic love and delusion that ranks among the most affecting in contemporary literature. “The reptilian servant is only the first in a series of fantastic touches that transform the narrative into a satiric fable dense with the echoes of Shakespeare’s *‘Tempest’*

and Kafka’s *‘Metamorphosis.’* . . . The Iguana is a superb performance.”—“€”New York Times Book Review

“This marriage is not supposed to happen.” Lombardy, 1628, a time of oppressive Spanish occupation of Northern Italy, and of the Thirty Years’ War. The young lovers Lorenzo and Lucia, both from peasant families, are planning their wedding. However, the villainous Don Rodrigo has designs on Lucia, and the lovers are forced to flee their village. Their dangerous journey in exile takes them through one of the

most dramatic epochs in Italian history, filled with war, famine and plague - will they ever be able to find happiness together? Dave Eggers says, of the series: "I couldn't be prouder to be a part of it. Ever since Alessandro conceived this idea I thought it was brilliant. The editions that they've compiled have been lushly illustrated and elegantly designed."

As a first-time visitor to London, De Amicis was awestruck by the bustle and magnificence of the Victorian metropolis and wrote a number of sketches in his trademark witty, observational style, which made him one of the best-selling travel writers of his age. Originally conceived as a series of newspaper articles and later published in volume form, De Amicis's *Memories of London* brings back to life all the bygone charm of the capital of the British Empire. De Amicis's impressions are paired here with a piece written by one of his contemporaries, the French writer Louis Laurent Simonin, which leaves the city's opulence and grandeur behind and offers an uncompromising look at the poverty and squalor of its most deprived areas.

Hal's summer affair with Barry Gorman ends tragically when Hal discovers he is much more committed to the relationship than his friend.

Unlike anything currently available, *A Critical Companion to Tim Burton* is a comprehensive, up-to-date analysis of all the works of one of the world's most renowned directors and artists. Written by some of the top scholars working in fields as diverse as philosophy, film and media studies, and literature, all chapters of this book illuminate for both scholars and fans alike the entire artistic career of Burton, giving attention to both his early works and his global blockbusters.

In ancient Athens, the great philosopher applies logic to a lethal crime—in the “eminently enjoyable” first novel in a historical mystery series (Colin Dexter, author of the *Inspector Morse Mysteries*). Young Stephanos is desperate to save his family's honor by proving in the Athenian court that his exiled cousin is not guilty of shooting an arrow into a prominent patrician. For help, he turns to his old teacher—the cunning and clever thinker known as Aristotle. It will all lead up to a tense public trial in which Stephanos must draw on the

rhetorical skills he's learned from his eccentric, brilliant mentor, in this novel filled with suspense, humor, and historical detail—the first in a series of “witty, elegant whodunits” (*Times Literary Supplement*). “[An] unusually authentic Ancient-Greece murder tale.”—*Kirkus Reviews* “Doody brings the Athens of 322 BC to life with skill and verve...wonderfully plotted.”—*Publishers Weekly*

An unmissable essay on the importance of children's literature by the bestselling and award-winning author, Katherine Rundell. 'Rundell is the real deal, a writer of boundless gifts and extraordinary imaginative power whose novels will be read, cherished and reread long after most so-called "serious" novels are forgotten' - Observer Katherine Rundell - Fellow of All

Souls College, Oxford, and prize-winning author of five novels for children - explores how children's books ignite, and can re-ignite, the imagination; how children's fiction, with its unabashed emotion and playfulness, can awaken old hungers and create new perspectives on the world. This delightful and persuasive essay is for adult readers.

Three generations of the Pentecost family live in a state of permanent disarray in a huge, sprawling farmhouse. Seven-year-old Gaylord Pentecost is the innocent hero who observes the lives of the adults - Grandpa, Momma and Poppa and two aunts - with amusement and incredulity. Through Gaylord's eyes, we witness the heartache suffered by Auntie Rose as the exquisite Auntie Becky makes a play for her gentleman friend, while Gaylord unwittingly makes the situation far worse.

mysterious shadows lurk in the grounds of the family villa . . . As his investigation gathers pace this atmospheric classic detective story becomes a thrilling game of legal cat and mouse. From the Trade Paperback edition.

An extraordinarily rich debut novel, set in India in 1947 at the time of Partition. Although the backdrop is this key event in Indian history, the novel is even more far-reaching, touching on the importance of tolerance, love and family. The main character is Bilal, a boy determined to protect his dying father from the news of Partition - news that he knows will break his father's heart. With great spirit and determination, and with the help of his good friends, Bilal persuades others to collude with him in this deception, even printing false pages of the local newspaper to hide the ravages of unrest from his father. All that Bilal wants is for his father to die in peace. But that means Bilal has a very complicated relationship with the truth...

teenth century, and the Viscount Medardo of Terralba must go into battle against the Turks. But the inexperienced warrior is soon bisected lengthwise by a cannonball. Now available in an independent volume for the first time, this deliciously bizarre novella of is Calvino at his most devious and winning.

Raccontare Sepúlveda può sembrare un'impresa pressoché impossibile. È così anche per la sua storica traduttrice Ilide Carmigani, quando sostiene che raccontare la sua vita significa sia spiegare fenomeni molto complessi che gettare luce sulla sua opera. È questa l'ambizione del volume, un viaggio all'interno della vita di Sepúlveda e delle sue opere più famose, indissolubilmente intrecciate alla ricerca del senso più profondo del suo messaggio. L'utenza delle sue opere, grazie a un linguaggio semplice e chiaro, è ampia e variegata, ma il suo messaggio resta rivol-

to soprattutto a formare le menti e i cuori dei giovani studenti, i futuri cittadini del mondo di domani.

Cosimo di Rondó, a young Italian nobleman of the eighteenth century, rebels against his parents by climbing into the trees and remaining there for the rest of his life. He adapts efficiently to an existence in the forest canopy—he hunts, sows crops, plays games with earth-bound friends, fights forest fires, solves engineering problems, and even manages to have love affairs. From his perch in the trees, Cosimo sees the Age of Enlightenment pass by and a new century dawn.

La letteratura per l'infanzia, soprattutto nel corso degli ultimi decenni, ha acquisito una identità disciplinare ben precisa e poliedrica. Rappresenta da un lato un ambito in evidente espansione editoriale e dall'altro lato un campo polisemico di ricerca. È certamente una fonte sia per la ricostruzione della storia della società e della cultura di ieri e di oggi, sia dei processi e delle pratiche formative dell'infanzia e

dell'adolescenza. La letteratura per l'infanzia, tuttavia, si propone anche come un campo di studio e di ricerca complesso e variegato. Se è fonte storica ha anche una connotazione didattico-metodologica in quanto a pratiche di lettura e conseguentemente di formazione dell'immaginario individuale e collettivo. Nel volume il rapporto tra letteratura e pedagogia, storia e società viene affrontato attraverso alcuni zoom sui classici, tra gli altri da Collodi a Dickens, da Anguissola a Lindgren, a Dahl, sino al linguaggio poetico di Zanzotto in un'ottica di proposta di rilettura critica e motivazionale da parte dei più noti studiosi italiani.

Fanciful shoes, bouquets of spring flowers, and napping cats are among the familiar motifs from Warhol's early work to be found in this collection. 105 images, 85 in color.

When young Iqbal is sold into slavery at a carpet factory, his arrival changes everything for the other overworked and abused children there. It is Iqbal who explains to them that despite their master's promises, he plans on keeping them as his slaves indefinitely. But it is also Iqbal who inspires the other children to look to a future free

from toil...and is brave enough to show them how to get there. This moving fictionalized account of the real Iqbal Masih is told through the voice of Fatima, a young Pakistani girl whose life is changed by Iqbal's courage.

If you are disturbed by the idea that to grow up is to learn to live with disillusionment, if you are fascinated by the perplexity of child-rearing, or if you fear you were more creative as a child, *The Beast in the Nursery* offers an illuminating and possibly life-changing experience. In four interrelated essays, Adam Phillips arrives at startling new insights into issues that preoccupied Freud, showing in the process that far from having lost its relevance, psychoanalysis is still one of our most incisive tools for the exploration of the human psyche and its possibilities. Phillips transforms the genre of the essay into an instrument for intellectual investigation of the most absorbing kind.

In *Breaktime*, Ditto challenges Morgan to prove that literature is crap and triggers off a chain of events to alter his outlook of life forever. Ditto faces a series of charges from Morgan against literature: that all fic-

tion is Done. Finished. Dead; a sham and a pretence. He undertakes faithfully to record a life in the week of Ditto - with all the chaos of reality thrown in - and his literary creation reveals more about himself than he originally bargained for. In *Dance on My Grave*, life in his seaside town is uneventful for Hal Robinson, nothing unusual, exciting or odd ever happens to him - until now that is. Until the summer of his 16th birthday when he reaches a crossroads of choices in life. He foolishly takes a friend's boat for a day's sailing, gets into difficulty and is rescued by Barry Gorman. Their ensuing relationship results in a tumultuous summer for Hal as he experiences the intense emotions of his first teenage love. A major new movie - 'Summer of 85' - based on *Dance on My Grave*, by groundbreaking French director Francois Ozon, was released in October 2020 to much acclaim. 'Deftly captures the thrill of first love' - NME 'A sweet gay romance that gradually morphs into something more suspenseful and macabre' - Daily Telegraph 'A film that will take you back to your first summer love' - The Gay UK Digital technology is now a normal part of everyday life. The mutation of music and

film into bits and bytes, downloads and streams is now taken for granted. For the world of book and magazine publishing however, this transformation has only just begun. Still, the vision of this transformation is far from new. For more than a century now, avant-garde artists, activists and technologists have been anticipating the development of networked and electronic publishing. Although in hindsight the reports of the death of paper were greatly exaggerated, electronic publishing has now certainly become a reality. How will the analog and the digital coexist in the post-digital age of publishing? How will they transition, mix and cross over? In this book, Alessandro Ludovico rereads the history of the avant-garde arts as a prehistory of cutting through the so-called dichotomy between paper and electronics. Ludovico is the editor and publisher of *Neural*, a magazine for critical digital culture and media arts. For more than 20 years now, he has been working at the cutting edge (and the outer fringes) of both print publishing and politically engaged digital art. Three tales, each dominated by one of three senses, present a married couple touring Mexico, a tyrant made prisoner of

contradictory messages, and a fashionable Parisian and a drugged rock musician impassioned by scents

The first in The Wolf Chronicles trilogy, brilliantly weaving together original research, lovable characters and a dynamic, thoroughly engaging plot, *Promise of the Wolves* is a historical adventure story in the tradition of *Clan of the Cave Bear* and *Watership Down*. Set 14,000 years ago in what is now Southern Europe, *Promise of the Wolves* is told from the point of view of Kaala, a young wolf born of a forbidden, mixed-blood litter. An outcast after her mother is exiled, Kaala struggles to earn her place in her pack. But her world is turned upside down when she rescues a human girl from drowning. Kaala and her young packmates begin hunting and playing with humans—risking expulsion from their pack and banishment from their home in the Wide Valley. When war between humans and wolves threatens, Kaala learns that she is the last in a long line of wolves charged with keeping watch over humans in order to prevent them from losing touch with nature and thus destroying the world. But to do so she must

solve the great paradox of wolfkind: though wolves must always be with humans, humans cannot abide the presence of wolves, and every time the two come together, war ensues. Kaala must choose between safety for herself, her friends, and their human companions and the survival of her pack—and perhaps all of wolf and humankind.

Traces the human drive and cognitive capacity for naming the living world, evaluating the contributions of such figures as Linnaeus and Darwin while exploring the human preference for familiar, rather than scientific, names.

Loosely based on Charles Perrault's "Tom Thumb," seven brothers in modern-day France flee their poor parents' farm, led by the youngest who, although mute and unusually small, is exceptionally wise.

India lives in a large, luxurious house with a mum she can't stand and a dad she adores, though he hasn't had much time for her recently. She seeks solace in her journal, which she keeps in sincere imitation of her heroine, Anne Frank. *Treasure* lives on t

panied by twenty short stories. Appearing here in its first English translation, *Into the War* contains three stories drawing on Italo Calvino's memories of the Second World War in Italy.

Copywriting, tra arte e tecnica è un viaggio che prende vita dalle materie fondanti della scrittura per poi delineare l'ampio respiro di questo strumento espressivo, fino a chiudere con gli elementi più moderni che strizzano l'occhio a un futuro di valore. La multidisciplinarietà della materia, che attraversa secoli e strumenti, viene così ben espressa dalla forma corale e permette di capire perché il copywriting è protagonista dello scambio comunicativo: focalizza il messaggio e restituisce molteplici sensazioni; fa proprio il tempo, con la ritmica data dalla punteggiatura; sfrutta lo spazio, attraverso gli ingombri e le scelte stilistiche; evoca con la fonetica, esprime una, nessuna, centomila personalità. Otto capitoli per otto esperienze che hanno a che fare con la scrittura, in quella che si preannuncia come una sfida ambiziosa: elevare il concetto stesso di copywriting, permettendo di cogliere il plus della passione, il rigore dell'impegno, l'importanza della ricerca della qualità (specie nei senti-

menti che animano gli autori), il vivido sguardo di chi, anche e grandemente, di scrittura vive e lo fa respirandola a pieni polmoni.

Winner of the Literacy Research Association's 2015 Edward B. Fry Book Award *Immigration* is an ongoing, global phenomenon and schools and teachers in host countries must continually find new ways of working with the increasing numbers of immigrant pupils, including refugees and asylum seekers. Language and literacy are crucial for inclusion in a new context but these must be developed in spaces where these children feel safe to explore themes that resonate with their experiences; to express their understanding and to engage in intercultural exchange. *Visual Journeys Through Wordless Narratives* presents the exploration of response strategies to Shaun Tan's *The Arrival*. The inquiry was carried out in educational settings, with children from many different parts of the world, in four host countries: the UK, Spain, Italy and the USA. The findings reveal the benefits of using wordless narratives such as picturebooks and graphic novels together with visual strategies to

support immigrant children's literary understandings and visual literacy. They also reveal the wealth of experiences the children bring with them which have the potential to transform educational practices. The publishing industry in France in the years before the Revolution was a lively and sometimes rough-and-tumble affair, as publishers and printers scrambled to deal with (and if possible evade) shifting censorship laws and tax regulations, in order to cater to a reading public's appetite for books of all kinds, from the famous *Encyclopédie*, repository of reason and knowledge, to scandal-mongering libel and pornography. Historian and librarian Robert Darnton uses his exclusive access to a trove of documents-letters and documents from authors, publishers, printers, paper millers, type foundries, ink manufacturers, smugglers, wagon drivers, warehousemen, and accountants-involving a publishing house in the Swiss town of Neuchâtel to bring this world to life. Like other places on the periphery of France, Switzerland was a hotbed of piracy, carefully monitoring the demand for certain kinds of books and finding ways of fulfilling it. Focusing in particular on the diary of Jean-

François Favarger, a traveling sales rep for a Swiss firm whose 1778 voyage, on horseback and on foot, around France to visit bookstores and renew accounts forms the spine of this story, Darnton reveals not on-

ly how the industry worked and which titles were in greatest demand, but the human scale of its operations. A Literary Tour de France is literally that. Darnton captures the hustle, picaresque comedy, and

occasional risk of Favarger's travels in the service of books, and in the process offers an engaging, immersive, and unforgettable narrative of book culture at a critical moment in France's history.
